The **TERRACE**, described as an "Urban Rooftop Atrium" is a semi-outdoor haven, covered from the elements by the neighboring Ibis Hotel, the space is comfortable all year round.

The original 1940's light box is a feature of the space, used perfectly as a catwalk for fashion parades, a banquet table for large dining functions, or a creative backdrop for any occasion.  
Outdoor gas heating makes this an all season space.

The expansive Masonic façade creates the perfect backdrop for projected imagery. The **TERRACE** has feature lighting and outdoor speakers which can stream through the music playing from inside or you can hook on your favorite playlist.

Adjoining the **TERRACE** is the inviting and comfortable **COCKTAIL BAR** this space is great for lounging and mingling. Listen to our smooth tunes or incorporate our baby grand into your entertainment for the evening.

The **COCKTAIL BAR** consists of various seating areas, state of the art bar and a small stage in which can cater for a DJ or a small band with vocals. The interior is classical and clean and the service charismatic yet professional
